Chillicothe High Wins Track Meet

But One-Man Team From Grandview Is Sensation of District Event Here Friday.

Chillicothe High School team won the Class B track championship, at the Annual Northwest Missouri High School Contests, last Saturday at the College, with a total of 34 points, while Maryville High School was a close second for the District Title, with 28 points.

In the Class C meet, Weston and Lathrop tied for the District Championship with 24 points each. H. Neil, the one man track team from Grandview, came within one point of tying these teams when he missed a total of 23 points single handed.

The only new record was set by the Chillicothe H. S. 880 yard relay—Irwin, Grace, Toft, and Miner. The new mark is 1 minute 39 seconds.

The Business Manager and Editor of the Tower are checking student coupons Monday, Tuesday and Wednesday of this week at a desk in the hall on second floor of the Administration Building. Students who have not made final arrangements for their 1931-1932 Tower should see those in charge of the year book at once.

Two hundred and twenty-nine students enrolled in the College last week for the Spring Short Course. This makes a total of more than eight hundred students enrolled in the College at the present time. There are a few more students here now than have ever been enrolled in the College at this season of the year.

Play Production Won by Dearborn

Fourteen Schools Compete in Contest—Winners in Many Other Events Listed.

The play production contests attracted a great deal of attention at the College last Friday. Of the fourteen plays entered in the contest, Dearborn, Jamesport, Plattsburg and Maryville survived the preliminaries held during the day and went into the finals for the night program, with the first three schools mentioned above winning respectively, first, second and third places.

Dearborn's winning play was "The Valiant", while the play presented by Jamesport for second place was "In the Dark."

"The Alarm Clock," a play written by the mother of Orville C. Miller of the College, presented by Plattsburg high school students, under the direction of Miss Thelma Robertson, who was graduated from the College last spring, won third place.

Students acting the various plays presented and who were named on the all-star cast are: Joe Raphael and Miss Josephine Paris, seen in "The Valiant"; Aurand Harris, seen in the play "In the Dark"; Willis Winn, seen in the play "The Alarm Clock"; Miss Thelma Gibson of Rosendale who appeared in "Forty Acre Patch"; Miss Frances Puert of Jameson who played in "Will of the Wisp"; and Miss Ruth Anna Thomas of Maryville who starred in "The Cloud-burst."

New Hampton, Union Star, and Hamilton won cups in the finals of Class C music competition, and winners in solo contests were announced last Thursday night, climaxing a day of solo contests and organization preliminaries.

First place in both band and mixed chorus was won by Hamilton, first in girls' glee club by New Hampton, and first in boys' quartet by Union Star.

Wins Piano Contest.
Josephine Cummings of Gower, and Virginia Foster, Fillmore, were announced as winners of first and second places in the piano contest, held Thursday morning. There were twelve entrants in this contest.

In violin solo, Berkeley Dunn, Plattsburg, won first, and Dorothy Kirby, Stewartsville, second. Garold Walker, Plattsburg, won first place in the trumpet solo contest over Lloyd Rollins of Platt City. There were three entrants in both the violin and trumpet contests.

The first group in the quartet preliminaries was Plattsburg, with "Songs My Mother Taught Me," by Dvorak. The quartet possessed a strong bass section, but their intonation was not as good as that of the groups following them.

The Rosendale quartet sang "Kentucky Babe," by Geibel, and Spickard sang "The Garden of Eden," by Dvorak. The quartet possessed a strong bass section, but their intonation was not as good as that of the groups following them.

Three Boys' Glee Clubs.
Three boys' glee clubs completed their entries in the finals with Hamilton and Weston winning. Hamilton sang "Pale in the Amber West," by Parks, displaying excellent intonation and tone quality from a well-balanced club. "Gypsy Life," Scottie, was sung by the Weston club in a very creditable manner, although lacking the finish of the other finalist. Plattsburg, the other entrant in this event, sang "Massa Dear," by Dvorak.

Six schools competed in the girls' glee club contest, with New Hampton winning first place, and Stewartsville second.

The Stewartsville club appeared in frocks of light colors, each a different shade, and presented as much contrast in costume as the girls did in selection.

Skidmore, the first girls' glee club on the afternoon's program, sang the ever popular "Marianne," an Italian folk tune. Both Hamilton and Weston sang another popular contest selection, "The Glow Worm," by Lincke, and Jamesport sang "Goin' Home," by Dvorak. Every one of the six clubs was of higher quality than would be expected from a class C school, with less than 150 enrollment.

Since only two choruses were entered, both sang Thursday night. Hamilton and Weston again being the competing rivals. The winner, Hamilton, sang "Goin' Home," by Dvorak.

Two Fine Bands.
In the evening's finale, the band contest between Hamilton and Platt City, Hamilton's superior numbers again proved sufficient to win.

Track Team Goes to Tarkio Friday

Bearcats Have Edge on Tarkio But Face Hard Fight to Win Dual Meet.

The Bearcat track team will journey to Tarkio on Friday of this week to match speed, endurance, and power with the trackmen of the Tarkio College. This will be the fourth meet of the season for the Bearcats, who defeated Wentworth and Peru, but were defeated by Springfield.

The Tarkio College team was defeated by the Peru Bobcats in a dual meet last week, but it is reported that Tarkio was handicapped through the loss of Browning, their sprint star, who was unable to run because of an injured leg muscle.

The Tarkio flash defeated James Stubbs, M. S. T. C. sprinter, in their first 100 yard dash together last year, but Browning was in turn defeated by Stubbs in the 220 yard dash which was won in 22 seconds flat. Any amount of enjoyment will be experienced when the fans see these two sprint men compete on the cinders in their favorite dashes.

Tarkio also boasts a fine shot putter in Offenbacher of Mound City who consistently throws the iron ball more than 40 feet.

Coach E. A. Davis is developing a team of training, fighting Bearcats which is hard to beat and which is turning in marks in both track and field events, of which he and the College can justly be proud.

Linville Gives Travelogue
Lawrence Linville of Skidmore, who returned last October from an extended trip through Europe, gave a travelogue last Wednesday night before a group of men and women at the College. He gave the travelogue on invitation of the Y. M. C. A.

Association Names Keller President

Tarkio Superintendent Succeeds Burr on Northwest Athletic Control Board.

At the annual business meeting of the Northwest Missouri High School Athletic Association held at the College at 9 o'clock last Saturday morning the following officers were elected for the coming year: President, Fred Keller, superintendent of schools at Tarkio; vice-president, David Max, superintendent of schools at Mound City; recording secretary, R. H. Watson, superintendent of schools at King City; new member of Board of Control, S. W. Skelton, superintendent of schools at Oregon; corresponding secretary and treasurer, Stephen G. LaMar, director of information at the College.

W. H. Burr, county superintendent of schools of Nodaway county, who was elected vice-president of the association at the meeting last year, has been serving as president, since the resignation of C. C. Crosswhite, formerly superintendent of schools at Cameron, now with the State Department of Education.

Mr. S. W. Skelton was appointed last fall to fill the vacancy in the Board of Control which occurred with the resignation of U. L. Riley formerly superintendent of schools at Maltland, now superintendent at Fayette.

Since there has been some difficulty in getting a representative group of Northwest Missouri educators together for the annual business meeting, perhaps on account of the change in order of events of the annual spring contests, there was some discussion of holding a meeting of the association in connection with the District Teachers meeting at the College next fall or of having a meeting in connection with some meeting of the Knights of the Hickory Stick. The meeting adjourned to reassemble at the call of the president.

College Hi Golfer Wins District Title in Tournament Here

Bohm Townsend of College High won the Northwest Missouri district high school golf championship here Saturday afternoon by defeating Fred Bengt of Maryville high 1 up. Both boys shot excellent golf, Townsend had a 38 and a 37, while Fred carded a pair of 39s.

Townsend advanced to the finals by defeating Kamler, Christian Brothers, St. Joseph, 2 up. Both were shooting near par golf, but the high wind, which interfered with play all day, appeared to bother Kamler more than it did Townsend.

Bengt defeated Adams of Chillicothe in his semi-final match, 2 up. The finalists were obliged to play a total of fifty-four holes in their various matches during the day.

The entry list, eighteen was the largest in the history of the tournament. Franklin Bengt of Maryville high was the champion last year.

Paper A Day Earlier.
The Northwest Missourian came out a day earlier this week in order that records of the recent Annual Spring Contests will be to the editors of the newspapers of Northwest Missouri in time for this week's papers. The records will also go to the high school libraries of the District.

A. H. Cooper, chairman of the Extension Department of the College will give the high school commencement addresses at Pickering on May 5, at Gaynor on May 10, at Sheridan on May 12, and at Forest City, May 13.

St. Joseph Boy Wins Singles Tennis Title

Carl Wichmer of Christian Brothers High School in St. Joseph, won the Northwest Missouri high school tennis championship Saturday morning by defeating Preston Rensch of Chillicothe, 6-4, 6-2. Haynes and Newby of Plattsburg won the doubles title from Boettner and Templeton of Rock Port, 6-4, 2-6, 6-2.

Mabel Mercer of Rock Port decisively beat Leona Moser of Chillicothe to win the girls' singles meet 6-1, 6-4. Moser was last year's winner, and seemed to be playing well when she defeated her semi-final opponent, Aleen Good of Fairfax, 4-0, 4-1, but the Rock Port girl, who had in the round before beaten the Tarkio entry, 4-1, 4-1, played a steadier game to win.

College Newspaper Editors Will Meet

Two-Day Session Is to Be Held in Columbia This Week—Many Speakers.

Arrangements for the Missouri College Newspaper Association meeting to be held in connection with Journalism Week, now in progress at Columbia, have been completed, and all four year colleges who are members or who desire membership in the organization are urged to send delegates and other college students interested in journalism to the meeting, Friday and Saturday, May 6 and 7.

At present nearly all of the Colleges in Missouri have joined the Association. A silver trophy cup will be awarded the winning newspaper and silver medals will be awarded the college students who win the poem, editorial, news article, feature story, special column and sports story contests. The Maryville Daily Forum is awarding the trophy cup for the best College newspaper in the state. The Northwest Missourian is not eligible to compete in the newspaper contest this year on account of its arrangements with the Daily paper.

A most interesting and instructive program has been planned for the M. C. N. A. and it is hoped that the representatives and delegates of the various colleges will be present for the opening session Friday morning at 10 o'clock, and for the other sessions of the two day meeting. The speakers are nationally known and authorities in their respective fields.

At the big Journalism Week banquet Friday night, there will be 644 plates. Fifty-seven favors will be distributed to each person present. They range in variety from blotters, ink wells, and paper weights to tooth paste, miniature airplanes and photographs. The principal speech will be made by a man while flying from St. Louis to Columbia. He will start speaking when his plane is about fifty miles out of St. Louis. His plane will be equipped for communication and his talk will be picked up by radio station KFRU in Columbia and transmitted to the banquet floor. He will end his talk as he walks into the room.

Stephen LaMar, president of M. C. N. A. and George Walter Allen, secretary, both of Maryville, will attend.

Y. M. C. A. Gospel Team Makes Last Trip May 8

The last trip of the spring quarter for the Gospel Team of the Student Y. M. C. A. will be Sunday, May 8. The team will be in charge of the morning services at the Oak street Methodist church in Kansas City, and at night is to be at Kearney on invitation of Harvey Hollar, principal of the high school there, who is an S. T. C. graduate.

G. Carl Schowengerdt, instructor of agriculture at the College will be in school this summer at Riverside, California, at a branch of the State Agricultural College. He will be doing advanced graduate work in agriculture. Mr. Schowengerdt has his M. A. degree from Missouri University.

STROLLER

There has always seemed to be a good bit of uncertainty as to just what Residence Hall really is. Certain people have consistently referred to the inhabitants as inmates. But the stroller got his real inspiration when he heard that Mr. Mehus referred at the meeting of the Mother's Day Committee to Residence Hall and two other churches!

by reason of long practice, he can do better than anything else, and yet the thing which you do the most regularly and habitually, the thing in which you have the most practice, the thing that is most vital to you, is not done properly by one of you in a thousand. This sounds impossible, but it is a plain, simple statement of fact.

The thing you do so badly is breathing. Breathing is the most important of all the functions of the body, indeed, all the other functions depend upon it. From the moment you give the first cry in the world until your eyes close in final sleep you are breathing constantly. Waking or sleeping, working or resting, the operation of breathing is being perpetually carried on by you. You can live for weeks without eating; you can live for days without water or drink; but if you stop your mouth and nostrils for only a few minutes and your life is over.—Lachenmaier.

Chillicothe High Wins Many Class B Music Events

(Continued from Page 1)

well directed by Carl L. Fisher, a graduate of the college last year, although at times their intonation was faulty. Mr. Fisher obtained some nice interpretative effects with his group. Tarkio, the other entrant, sang "Proudly as the Eagle," by Spohr, and closely pushed Chillicothe for second place honors.

Chillicothe Quartet Wins
Chillicothe's and Mound City's places were reversed in the boys' quartet, with Mr. Gaugh's organization winning from a field of seven. Their ability to sing together was ably demonstrated in "Who Will Come to the Sea?" by Clokey. Mound City immediately followed them with the same piece, but did not exhibit quite so much ability.

Tarkio, singing "Duna," by Salter, was a close contender for second place. They had two excellent tenors, and their intonation as a group was far above the average.

Maryville's "Lo, How a Rose E're Blooming," by Praetorius, was rendered with good expression and interpretation. Mr. Fisher's Gallatin group sang "To a Wild Rose," by McDowell. Cameron sang "In Dulce Jubilo," an ancient German carol, exhibiting a good, strong bass, and Albany sang "Proudly as the Eagle," by Spohr.

In girls' glee club, Mound City failed to place, and Chillicothe received only second place. An excellently balanced group from Cameron, singing the popular "Lost Chord," by Sullivan, easily won first place. This club exhibited excellent diction, many nice voices, and good intonation, although singing without a piano.

Chillicothe, also without a piano, sang "A Prayer," by Gluck. Several beautiful humming strains were a feature of the number. Maryville's girls' glee club, probably the best of their music entries, sang "Calm as the Night," by Bohm, with well blended voices exhibiting fine tone quality and good diction. They were directed by Miss Mary Carpenter.

Tarkio, with "Absent," by Metcalf, sang excellently together, and were high in the final ranking. Mound City's "Recessional," by De Koven, was good, although a soprano solo was rather weak.

The ever-popular "Goin' Home," by Dvorak, was sung by the Gallatin club. It was well done, except the alto section seemed too loud, rather overbalancing the rest of the group. Grant City, singing "Nightingale Song," by Nevin, achieved good results in spite of being handicapped by a smaller group.

Junior High Chorus Will Give Operetta Wednesday Evening

An operetta, "Twilight Alley," will be presented by the members of the Junior High School Chorus the night of May 4, at the high school auditorium. About sixty-five junior high students will take part in this program.

The five leading characters are: Dame Needy, Verna Mae McNeal; Meg, her eldest daughter, Louise Schomover; Jack, Paul Person; Angelina, an emigrant child, Marjorie Curritt; and Lily, daughter of the owner of "The Old Shoe," Marjorie Fischer.

The operetta, presented in two acts, is the story of Dame Needy, with her large family, lives in "The Old Shoe," a tenement in "Twilight Alley." Meg is the oldest of eight daughters, and Jack, the only son, is captain of a baseball nine of boys of his own age. Angelina is an emigrant child who is left all day at "The Old Shoe," while her mother works in a factory. Lily is the daughter of a well-to-do property owner, the landlord of "The Old Shoe."

One afternoon Lily loses her way in the city streets and wanders into a tenement court where the sunshine rarely penetrates because of the smoke. She

pities these "twilight dwellers" and invites them to her own lovely garden. While Dame Needy is asleep, the girls steal away with her to her home on the hill-top.

During their absence the boys rebel at being compelled to live in "The Old Shoe" and decide to burn it, but Lily and the others return in time to offer a happier solution, and all ends well.

Editor, Daily Forum:

In a recent issue of The Daily Forum appeared an article signed "A City Booster" (I think a better name would be "A City Buster"). This article was made up of sarcasm and ridicule. This will not get us anywhere. I would like to ask Mr. Booster how long must a fellow live in Maryville and how much tax must he pay before he is allowed to use the "we" and "our" stuff that he spoke about? I failed to see one valid reason that Mr. Booster gave for retaining highway 71 on Main street. Neither did he offer any suggestion to raise the money to fix Main street. He just simply said that what some other fellow said (that he supposed lived miles in the country) was not true and let it go at that. He did say that "the Chamber of Commerce has made a special effort to bring about harmony and co-operation between merchants and farmers." Mr. Boosters knowledge of where the people of Maryville get the water they use is about on a par with his knowledge of who lives in Maryville. Charity forbids that I should fall out with a fellow because we differ in opinion. In all the problems of life I think that everyone who is interested should be allowed to express unbiased opinion without fear of ridicule. I have written several articles for the paper but I have never written one to which I was ashamed to sign my name and if I ever do I will not hand it in for publication. I don't believe that Mr. Boosters bitter tirade will make him any friends or any money and I feel sure that it will not hurt the other fellow because he will consider the source.

Yours truly,
H. H. McClurg.

Maryville, Mo., April 29, 1932

Editor, Daily Forum:

As a business man of Maryville, I wish to add my comment to the general discussion on Main street. We are proud of our city officials that they have a surplus in the treasury, but hoarded money brings no returns. We are always on the look-out to bring money into town, to make our people prosperous, our homes comfortable, and our town progressive. The way not to have these results, is to leave the town's money lying idle in the bank, with no thought of improving the town or bringing our neighbors and tourists here. Even though the highway is moved outside of town, we still must improve Main street for our citizens. It is a well known fact that Nodaway county residents have a larger percentage of cars, than almost any county in Missouri. Car owners want good streets, merchants desire them, and citizens are proud of them. As a college town, it is necessary and wise to have them and keep them in good condition always.

Our water rates are exceedingly low, and since water is our greatest necessity, it should not cramp anyone to pay more rate, and use the surplus for the streets.

The merchants of Maryville do want that through traffic that some deplore for it is not always through, and when it isn't, it means money for the residents of Maryville. We need and desire the trade of the community, but the tourist trade is an added incentive to business.

Some one has said to fix things for Maryville, and let others look out for themselves. That is not the spirit we want manifested in the life of our community, our state and our nation. We want to impress others by our progress, and it will perhaps bring future citizens to us. We do not want to be selfish but we want to think of and help the other fellow. If it would cost \$125,000 more to build a road around Maryville, why not save that money and use it to connect the rural districts up with the ends of the pavements already built? In this way, it would give the farmers and students an outlet, and it would at the same time, give us a larger trade territory.

Sincerely,
A BUSINESS MAN.

Events and Personalities of the Day in Pictures

All Dolled Up For Fair

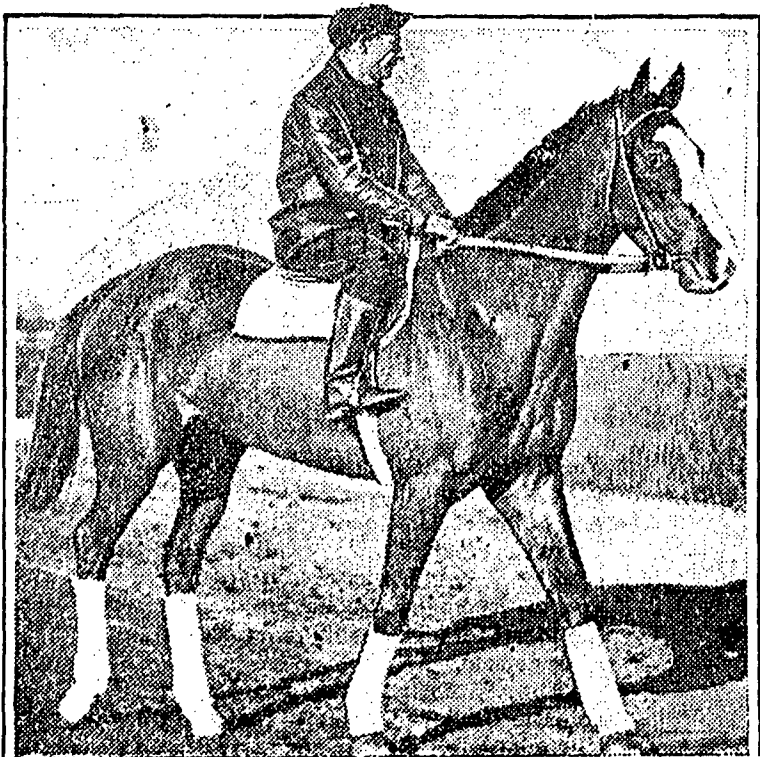

A parade for children was unfolded in Chicago with the opening of the Toy Fair. A parade for everyone except Alice Salkus, shown above, who couldn't make up her mind which of 10,000 dolls she liked best. There were all kinds of novelties on display and grownups were the most numerous of the visitors.

\$500 Casket For Pet Dog

Heart-broken over the death of his favorite pet dog Baby Ginter, Frank Callahan, wealthy Tiffin, O., sportsman and owner of a string of race horses, gave the deceased animal a royal funeral, costing \$1000. Callahan, who was in Milwaukee at the time of his pet's death, rushed home, bought a \$500 casket for her and arranged for the costly rites. He will erect a \$1000 mausoleum in memory of his dog. Callahan is shown above beside the casket while Baby Ginter lies in state. Tiffin residents gaped at the display.

The Derby Parade

In more than 50 years of Kentucky Derby history, only one filly has ever won the In more than fifty years of Kentucky Derby history, only one filly has ever won the Blue Grass event, but Top Flight, above, hopes to be the second. The dainty little queen of Cornelius V. (Sonny) Whitney's stables, world champion money-winner among horses of her sex, is the outstanding favorite for the Derby May 7. Top Flight spent a quiet winter, during which she added 400 pounds to her trim little frame. With the added weight, she is expected to be much stronger and better fitted to compete over the mile and a quarter Derby route. In winning \$210,000 in her juvenile season, Top Flight ran to victory in the Clover Lasso, Saratoga Steeplechase, Spinnaway, Matron, Belmont Futurity and Pimlico Futurity stake events. Sonny Workman will pilot her in the Derby.

Columbus Blast Suspects Grilled

Caught in an automobile said to have been stolen in Columbus, O., and in which police say they found dynamite and tools, Frank Wilson, 22, left, and Ed Wallace, 30, center, were held in Chicago for questioning. Their story led police to Paul Keltner, right, who was found in the Chicago House of Correction. He was said to have been with Wallace and Wilson in Columbus the day before the explosion that ripped a huge hole out of the side of Ohio state's new office building at the capital, with the loss of 10 lives and more than \$1,000,000 damage April 13. Wallace is said to be an expert with dynamite and to have worked formerly for the contractor erecting the building. Caps and explosives in the auto, which police say the men admitted stealing, were said to be identical with those used by the contractor. Telephoto above shows the trio as they awaited police questioning.

Jungle Terrors Kill Student

A meager message from the South American jungle reports the death of Thomas J. Walsh, Jr., 26, shown in lower picture, a chemist for a mining company in Peru. The report was sent by his companion, Harold Ford, top, who buried his colleague after five weeks of terror in the forests without food or water while on a mining expedition in lands never before visited by white men. Walsh, a Chicagoan and a graduate of the University of Illinois, died of fever and starvation after a series of mishaps in which the explorers' boat was wrecked and supplies ran out. Ford, a former West Virginian, struggled alone until a friendly Indian guided him to civilization.

Says Mouthful

With a mouthful of molars at the tender age of 18 months, Rita Jean McDonald of Kansas City, above, claims the bicuspid championship of the world. She challenges the claim of Paul Ristow, Jr., of Los Angeles, who boasted a full set of teeth at 20 months. Notice that disconcerted expression? Cameraman just swiped Rita's apple.

Bandit Gets Life For Murder of Boy in Grocery Store Holdup

Expressing regret at Michigan's lack of capital punishment, a Detroit judge sentenced Theodore Lilly, 26, shown in inset, to life imprisonment while hundreds prepared to attend the funeral of little Billy Reynolds, 8, murdered by Lilly during a grocery store holdup. The boy is shown with his mother shortly before his death. Billy, who sold magazines after school, entered the store while Lilly had the proprietor covered. Lilly heartlessly shot the boy down.

"Squeeze Play" Brings 'Em In

Here's a "squeeze play" that brings no returns except small boys who can wriggle. The management of the Clarksburg, W. Va., baseball park in the Middle Atlantic League, cut a hole 6½ by 10 inches in the fence of the ball park and all boys who can squeeze through there can see the game free. The others must pay. Above you see Richard Forinash, young diamond fan, squeezing through for a single.

Back From Death Cell, Youth Waits Darrow

With a new lease on life, won for him by Clarence Darrow by a brilliant argument before the supreme court of Illinois, Russell McWilliams, 17-year-old slayer of a Rockford, Ill., street car conductor, has been released from the death cell in Joliet prison and is shown the day he returned to his old cell in the Rockford jail. The supreme court ordered a new trial. Now McWilliams awaits the return of Darrow from Honolulu to aid him in his new fight for life. The conductor was shot during a holdup.

Any Interest in Her Dividends?

Auburn locks, blue eyes and a self-confessed ability to act, form the chief assets of Velma, Inc. Aiming to be a Hollywood star, Miss Velma Gresham, Memphis, Tenn., shown above, offers shares in her career for \$20,000 back- ing. She figures it will take her two years to gain a career and pay off stockholders. Isn't that capital?

Girl Is Envoy of Coast City

Santa Rosa, Calif., citizens have a pride in their city and a true eye for pulchritude and personality. They chose Miss Juliette Proctor as their queen and then sent her to a dozen South and Central American countries as their representative. Miss Proctor, shown above, made a 12,000-mile journey.

Offered Million in Wendell Suit

An offer of \$1,000,000 to the ten west coast Wendell heirs for settlement was reported following the decision of a Brandenburg, Germany court that the claimants under the leadership of Mrs. Gertrude Ohsen Kay, above, were legal heirs. Mrs. Kay, wife of a San Francisco paint manufacturer, traced her ancestry back to the original Wendell. It was found that her great-great-grandfather was the great-great-grandfather of the late Mrs. Eliza Wendell of New York, who left an estate of \$100,000,000.

A picture of Harris and George Hooker, sons of Mr. and Mrs. L. T. Hooker, former Maryville residents, was carried in a recent issue of the Sunday Chicago Tribune. The picture was of six Boy Scouts of Troop No. 39 of La Grange, Ill., who recently tied for first place with a Chicago troop in the annual Chicago Area Boy Scout contests held at Chicago University. The LaGrange Scouts previously had won the LaGrange district championship and the West Suburban championship. There were about 700 teams in competition. The LaGrange Scouts scored 466 out of a possible 500 points.

May 4, Junior High School Op-eretta.
May 8, High School Baccalaureate at the Christian Church.
May 9, Senior Class Day.
May 11, Senior Class Play.
May 12, Commencement.

Mrs. Hooker formerly was Miss Lula Holt, a sister of Elmer Holt.

This is being told today about a local business man who went into a restaurant early Sunday morning for the purpose of cashing a check and then left the money on the counter. This young man who is an ad writer, and his father, started early Sunday on a trip into Iowa to visit several newspaper plants. They stopped at the Knox Cafe where the young man, seemingly in a hurry, wanted to cash a check. He wrote out the check, handed it to the cashier and then dashed out without picking the money up off the counter. At Clearmont he discovered his loss and telephoned back where Leo had a good laugh. He retrieved his check last night.

Charles McGrew, who lives southwest of Graham and his son, Rev. Logan McGrew, pastor of the Kings Hill Christian church in St. Joseph were transacting business in Maryville Saturday.

Hallahan Pitches Good Ball to Beat Chicago 7 to 1

The "Wild One" Gives Up Only Three Hits—Senators Beat Yankees

By the Associated Press.
An altered lineup and a typical pitching performance by Wild Bill Hallahan has given the world champion St. Louis Cardinals their first victory in four games and snapped the Chicago Cubs' winning streak at seven in a row. Gabby Street, slightly annoyed by an outfit that had succeeded in winning only five games out of its first fifteen, benched first baseman Jim Bottomley yesterday, shifted Jimmy Collins to that post and inserted Ray Blades into the outfield.

This lineup stopped the Cubs without trouble, 7 to 1, but the credit perhaps rests chiefly on Hallahan's shoulders. The "Wild One" passed ten men but allowed only three singles. Four double plays stopped the Cubs every time Hallahan's generosity put them in a threatening position. George Watkins led a 12-hit attack on Guy Bush, hitting a home run, double and single.

The Cubs' defeat automatically sent the idle Boston Braves into first place. In the only other National League struggle of the day, the Cincinnati Reds came from behind to down Pittsburgh, 7-5 after the Pirates had gained a 5-0 lead.

The Washington Senators gained the American League lead by beating the New York Yankees, 4-2, as Lloyd Brown outpitched Charley Ruffing. Brown witnessed the finish of the game from the clubhouse, Marberry going in with one out in the ninth after the Yankees had put two men on base. Triples by Manush and Myer accounted for three Washington runs in the first two innings.

Wes Ferrell won his fifth game in a row as Cleveland pounded out an 11-1 victory over the Chicago White Sox. It was fairly close until the eighth when Cleveland scored seven runs off Poser and McKain.

The much-traveled right hander, Irving Hadley, made his first start for the St. Louis Browns, struck out 11 men and beat the Detroit Tigers, 4-3.

Tick On Is 3 to 1 Favorite to Capture 1932 Kentucky Derby

Louisville, Ky., May 2.—(AP)—Fickle fortune has conspired to present a thoroughbred beaten in his only start of the year as the favorite to win the 1932 Kentucky Derby, which will be raced at Churchill Downs Saturday.

Mrs. L. G. Kaufman's Tick On, which ran second to Springsteel in a derby trial at Havre de Grace last week, was the beneficiary of hard luck which overtook two leading contenders Saturday and is now a 3 to 1 future book favorite to capture the historic \$50,000 added stake.

C. V. Whitney's Top Flight, former

future book favorite, was well nigh eliminated from the Derby picture when the crack filly finished a badly-beaten fourth in the Wood Memorial at Jamaica Saturday. Today it was considered unlikely the leading juvenile of 1931, winner of \$219,000, would be shipped west to compete in the Derby.

The Shandon Farm's Burning Blaze, second best 1931 juvenile and winner of \$83,625, was cut down while winning his first start of the year here Saturday and pulled up lame, a tendon nearly severed, and was declared definitely out of the Derby, for which he had been pointed all spring.

With Top Flight listed as an unlikely starter, Tick On became the chief hope of the East to capture the blue ribbon event of American racing. With burning blaze definitely out, the west placed its principal reliance in Col. E. R. Bradley's entry of Brother Joe and Burgo King to repeal Tick On's assault on the \$50,000 prize.

Metcalfe Promises to Be Best Sprinter in Olympic Games

Chicago, May 2.—(AP)—Ralph Metcalfe, 21-year-old negro lad from Chicago, promises to be the sprinting sensation of the 1932 Olympic games.

That was a prediction today of John Nicholson, Notre Dame track coach, after watching Metcalfe, the Flying Ebony of the cinder path, dig his powerful legs into the turf at the Drake Relays Saturday to tie the world's record of .09.5, in winning the 100-yard dash with two yards to spare.

"Metcalfe is really good," Nicholson observed. "I look for him to beat all of them. Eddie Tolan, Frank Wyckoff and George Simpson have had their day but Metcalfe is just coming, his chances appear excellent to become a sensation in the Olympics at Los Angeles next July."

The Chicago youth, running his first year of collegiate competition for Marquette University, is an amazing sprinter. He is just 21, 5 feet 11 inches tall, and weighs 180 pounds.

Metcalfe learned his foot racing while attending Tilden high in Chicago.

Top Flight Is Withdrawn From Derby by Trainer

New York, May 2.—(AP)—Top Flight, C. V. Whitney's unbeaten two-year-old and "until Saturday" favorite for the Kentucky Derby, today was withdrawn from the three-year-old classic at Churchill Downs Saturday and will be thrown out of hard training.

The decision to withdraw the filly from the Derby was announced by Tom Healey, Whitney's trainer, who said her disappointing showing Saturday in the Wood Memorial at Jamaica had convinced her owner she was not in condition for the gruelling mile and quarter tests in Kentucky.

Top Flight finished fourth behind Universe, Economic and Curacao at Jamaica for her first defeat. She had no excuses and was merely outrun.

Mr. and Mrs. C. E. McCallum and Mrs. Martin Asbell and son of Burlington were Maryville visitors Saturday.

Twilight League Baseball Season Opens Tonight

Townsend's Grocers and The Forum Inkslingers Will Cross Bats.

The baseball season, if it isn't already opened, will be launched tonight with the first game of the Twilight league scheduled at 6:30 o'clock on the College diamond. The soft ball twisters (those business men who think twice about their fingers and knuckles) who are in the Bean Ball division of the League, will use a small bat in trying to bean the ball out of the diamond.

Townsend's Grocers and The Forum's Ink Slingers will cross bats tonight.

Tomorrow night Casey's puncture fixers and the Puritan Hashers will open the hard ball division. Friends, relatives, sympathizers, and foes are cordially invited to attend without pop bottles and are asked to keep back of the battle lines.

The fact that no admission will be charged should not keep many away from seeing their favorite delivery boy in action tonight. Manager Roy Arthur of The Forum said he probably would have to use all of the fifteen eligibles in the first game in order to eliminate chances of furthering The Forum's hospital list as Walter Short, one of the main stays of the team is in bed with burns received when his clothing caught fire on a fishing trip and is definitely out of tonight's game and Rev. Albert A. Panhorst, who is suffering with a cold but may see some action in the game tonight. The probable starting lineup of the printers:

Lawrence "Red" Masters, c; Erman Barrett, p; Stauffer, 1b; Wood, 1st ss; Strong, 2b; Kessler, 2nd ss; Krause, 3b; Strother, 1f; Arthur, cf; Vall, rf; Barrett and Panhorst, utility.

Townsend—Howard, c; Garrett, p; Moses, 1b; Bateman, 1st ss; Zook, 2b; Smith, 2nd ss; Ellis, 3b; McMullen, rf; Adams, lf; Stinson, cf. Pope, Price and Kegin utility.

Tennis enthusiasts are also responding to the advent of spring. The courts at the College have been in use most of the daylight hours the last few days, and they are in better shape than they were last summer. At that, they are none too good. The rock with which they are surfaced gets loose promptly after each rolling, and the balls take some treacherous bounces.

It now seems pretty definitely established that to be a good hurdler a man has to be named right. George Saling

broke the record for the high hurdles at Drake. Flick placed pretty well up. Kite won several hurdle events in a district meet recently, and of course Dick Rockaway was one of the most famous timber-toppers anywhere.

The same theory might be expanded to apply to other track events. The papers the other day recorded that Spring won the high jump in a meet. Anyone named Heave should turn out for the shotput.

Skidmore and Clearmont Nines Will Play Series

Skidmore and Clearmont, winners of the two divisions of the Nodaway county high school baseball league, will meet in a play-off series this week, the board of control decided in a meeting here Saturday afternoon.

The first game will be played tomorrow afternoon at 3 o'clock at Skidmore. H. R. Dieterich, principal of the College high school, will umpire.

Thursday afternoon at the same time the two teams will meet in Clearmont with Kyle Graham of Matland, umpire. If a third game is necessary it will be played in Maryville Saturday afternoon.

Dempsey to Fight Levinsky?
Chicago, May 2.—(AP)—King Levinsky heard rumblings from Reno, Nev., today that he would be offered \$50,000 for a ten round battle with Jack Dempsey there on July 4.

The offer will come from a big gambler, said "Leaping Lena" Levy, manager of her big brother fighter, the Kingfish.

Good looks aren't always luck

Sparkling eyes and a smooth complexion depend on good health. The beautiful woman guards against constipation. She knows this condition can cause headaches, sallow skin, dull eyes, pimples, premature aging.

Protect yourself from constipation by eating a delicious cereal. Tests show Kellogg's ALL-BRAN provides "bulk" to exercise the intestines, and Vitamin B to tone the intestinal tract. In addition, ALL-BRAN furnishes blood-building iron.

The "bulk" in ALL-BRAN is similar to that of lettuce. Within the body, it forms a soft mass, which gently clears the intestines of wastes. How much safer than pills and drugs—so often habit-forming.

Two tablespoonfuls daily—in serious cases, with every meal—will correct most types of constipation. If your trouble is not relieved in this way, see your doctor.

Serve as a cereal, with milk or cream, or use in cooking. At all grocers. In the red-and-green package. Made by Kellogg in Battle Creek.

Packers Can't Engage in Other Businesses

Washington, May 2.—(AP)—Modification of the Packers' Consent decree to permit the packers to deal at wholesale in groceries and other lines not related to the packing house industry was rejected today by the supreme court.

Under the ruling the packers will be prohibited from continuing in their present lines of business, and must comply with the terms of the consent decree which restricted their activities exclusively to meat and other slaughter-house products.
The opinion was handed down by Justice Cardozo.

COAL TARIFFS

The Senate finance committee has engaged in some peculiar gyrations regarding tariffs on coal, copper, and oil recently, and after imposing duties on these commodities, has reversed itself and removed them. There is no assurance, however, that the duties will not, in the end, be imposed.

The duties on all three commodities were in the shape of import taxes, but actually they were designed to lay down an embargo on imports in these classes, and they were imposed originally because of the strong pressure of interested groups.

American producers of oil, coal, and copper already enjoy a virtual monopoly of the home market, and in addition sell a great deal abroad. Coal producers, in fact, have 99 per cent of the home market, and sell about one-third of their production abroad. Imports of oil are comparatively negligible, despite the fanfare of the domestic producers, and a large part of the domestic production is exported. Much the same situation applies to copper.

It is evident, therefore, that the producers of all three commodities, not content with 99 per cent of the domestic business, are bent on eliminating foreign competition altogether, in order that they may raise their domestic prices by just the amount of the import tax imposed. The tariff duties would produce a comparatively trifling sum in federal revenue, because they would virtually halt imports altogether, but they would undoubtedly enable the producers to raise the domestic price at the expense of the consumer; in other words they would be empowered to levy a private tax on every citizen of the land, a tax which they could put in their own pockets.

These tariff proposals are not alone dangerous because of their effect on the pocketbook of the nation, but because of the repercussions they are certain to have abroad. It is high time America awoke to the realization that trade means both buying and selling, and that no nation can do all the selling and no buying. If these tariffs are imposed other nations undoubtedly will strike back with further restrictions against American goods. We can hardly afford to penalize the domestic consumer and lose some more of our foreign markets for the sole benefit of a few privileged individuals.

EDITORIAL COMMENTS

CENSORSHIP SELF-IMPOSED

While the family of Col. Charles Lindbergh has been torn with anxiety over the fate of its young son, the American press has maintained a voluntary part censorship unparalleled in peace or in war.

Editor & Publisher goes thoroughly into the self-imposed censorship.

News agencies and newspapers, for the first time in history, voluntarily subjected themselves to the desires of the Lindbergh family to aid the poignant cause of a family, without respect to the fixed rights of newspaper readers or any of the customary obligations attaching to a free press. They did it in almost total disregard of competitive newspaper practices.

By agreement, almost without discussion, the return of the Lindbergh child has been and is the one and only objective. Never before have newspapers been called upon to face such conditions. Suppression of news is a novel technique in modern journalism, yet it has been done throughout this case, solely with the idea of aiding in the return of the Lindbergh child. Editor & Publisher tells of an offer by publishers, through the Associated Press, to declare a truce on all news of Colonel Lindbergh's activities for a period of time to be fixed by him. However, the colonel was not convinced there would be any advantage in such action. His desire, the publication says, has been to get in full control with the press and to avoid any

unreasonable request which might embarrass journalistic ethics, and useful public information.

It is disclosed that Colonel Lindbergh, highly excited when he discovered his child was missing, made the first and a vital error, when he rushed from the room and notified authorities of the kidnapping before he discovered the note that had been left by the kidnappers imposing secrecy and making provision for negotiations.

Says Editor & Publisher:

"In that note were the instructions which Colonel Lindbergh was to follow in order to retrieve his child. One of these directions, it is believed, through the note has been carefully guarded as strictly confidential, was that secrecy be maintained by the colonel and his family and associates. The news of the kidnapping spread around the globe.

"With news more important, because heart-rending, than any in the last decade facing them, more than 150 reporters, photographers, motion picture men and broadcasters crowded around the Lindbergh home that first day. Press associations set up working bases as best they could in the sparsely settled community. News which tore at the heartstrings of the civilized world was in the making and the press was bringing all its resources to the front to cover it properly and fully. The first night brightened into day and passed again into darkness.

"All this time the reporters stayed on the scene. The town of Hopewell lay miles away and the Lindbergh family brewed coffee by the bucket and passed out sandwiches to feed the hungry news men. Finally, when it became apparent that the story probably would extend for at least several days, Col. Henry Breckenridge, adviser and counsel to Colonel Lindbergh, conferred with several spokesmen appointed by the newspaper men to represent them, and asked that they retire from the estate.

"Willingly they consented to this request. The press thus made its first move of acquiescence to the special desires of Colonel Lindbergh. Reporters and photographers—all of them—moved down to the road outside the Lindbergh grounds, one mile from the house, and, subsequently, moved all the way to Hopewell, four miles from the scene of the story. The press associations abandoned their working bases in the nearby houses.

"Later these newspaper men, waiting tirelessly for new developments, received a second request from the Lindbergh party asking that neither Colonel Lindbergh nor his advisers be followed when they left the estate on their frequent excursions to unknown destinations. A gentlemen's agreement was entered into among the reporters and photographers and the colonel was left free to go and come when he pleased. Never, during any of the many previous times he has been in the spotlight of the news, was he left so free to go and come as he pleased.

"This was the first of the many instances of press co-operation. There are many others—some that can be told, some that must remain untold because to write them would necessitate printing stories that have been withheld by daily newspapers at Colonel Lindbergh's request, and, consequently, nullifying whatever good was accomplished by these actions."

You Can't Marry

By Julia Cleft-Addams.

SYNOPSIS: Jenny Revell overhears a conversation between her cousin George and Garth Aveney which she believes refers to George's secret engagement to Eddie Townsend. She is unhappy, because she liked Aveney when she first met him that evening, and she seems to prefer George. Unknown to Jenny, Aveney has been testing out George's loyalty to her employer, Gratton Matching. She has an unusual job, complicated by Matching's eccentric regulations, such as his threat of discharging any woman in his employ who marries. George has promised to marry Eddie tomorrow, since he agrees to keep the marriage secret so that she can go on with her work, which pays very well. She has made plans for the marriage, which call for Jenny's cooperation. Undiscovered in the next room, Jenny hears Aveney say to George, "I'm going to justify myself." And then, "Good night, Miss Loyalty. I'm forgiven then?"

CHAPTER 13 Mrs. Townsend?

"Will that be all, Miss?"
"Yes," said George briskly. "That will be all and thank you very much. Mrs. Hale, for putting in such a magnificent day's work. Here's a week's money and a reference—you see I've said that I only part with you because I need someone who can come for the whole day and cook me a late dinner."
"Thank you, miss. I'm sure I quite understand," Mrs. Hale folded up the reference and put it with the money into her worn purse. Her button-brown eyes roved towards the little room that had been a mere "glory-hole" and was now brave with washed paint, stained floor and furniture taken from George's room.

"It's wonderful what a difference some kinds of changes makes to a place," said Mrs. Hale; and with a sly little smile she pattered out of the tiny hall.

George flushed, shrugged, gathered up the curtain material and went into her own room. There had been "some kinds of changes" here, too. The disputed velvet curtains had been seen and hung by Jenny after all, and at top speed; there was a whole new suite of furniture, fashioned from an ash-gray wood with a lovely, swirling grain in it and inlaid with ebony.

On the bed were piled boxes and boxes, just arrived; all of a silvery striped cardboard; all tied with jade-colored string; all stamped "PARFAITE." Her trousseau. George had not yet dared tell Jenny about it. Only last night they had agreed that she need nothing but a new hat for her wedding. This morning, on her way to City Hall she had torn into PARFAITE'S to see about it—and perhaps just a bag to get with it—and by all evil chances madame had shown her an ensemble from a cancelled outfit. "Made for Ginevra: Moule's first season but her mother had died and only the white tennis dress could be used. I'm taking everything else off her hands. Your measurements exactly, Miss Revell; your coloring, your initial on the LINGERIE! And I would make a certain reduction."

It was not, in the end, a reduction worth mentioning; and madame would have liked a rather larger check on account. But, thank Heaven, the salary would cover it all in the end—that exceptional salary for that exceptional job.

She went, humming, into the living room. She had had the sense to leave the room much as it always was; a cheerful, chintzy muddle. On a table now was the sewing-machine Jenny had borrowed from the janitor's niece; the telephone stood amidst a litter of scissors, cuttings and tape. Poor little Jenny, how exhausted she had looked when she had finally crept off an hour ago to the hotel. Better ring up, presently, and see if she were all right. It would have been kinder, perhaps, to keep her here for the night; but this was one of the rare occasions in her life when George definitely wanted to be alone.

here. He'll get just what he ordered two spruce trees, 30 feet tall, and weighing three tons apiece.

Kendala, N. Y.—If there ever is an "oldest fence post contest" Charles J. Baldridge may win. The posts around his garden were put in 113 years ago by his grandfather. They're still in good condition, too.

Gdynia, Poland—The Polish tariff doesn't say anything about mummies: so an Egyptian mummy, destined for a Warsaw museum, was admitted a "dried fish." Customs officials figured that since the mummy was "dried flesh" the classification was suitable.

She laughed aloud and stretched her arms above her head, glorying in her 28 years. A wonderful age! At 28 one was so clear-sighted, so capable, so keen. One was so strong! Last night, long after Jenny slept, she had sat planning and arranging; and this morning, before Jenny was awake, she had made a start on the work to be done by Mrs. Hale. Then off to do her hot-foot shopping—money poured recklessly out so that she might have the best and have it packed and delivered immediately! Heavens, what she had spent!

And after all that royal spending had come the wedding—and the accident. She put a hand to her temple—the bruise hurt, but only when she touched it; and her headache had positively disappeared. . . . The full tide of life swept up in her veins and flooded into her triumphant heart. How right she had been not to be put out of her stride by Eddie's mishap! Her marriage and her job—she would have both; she would fight for both till she dropped. . . .

There was a sound at the outer door and the bell rang.

She was still humming as she went to open it. Probably it was the superintendent, Gill. She hoped it was, she had decided to take him into her confidence. She would have to make discretion worth his while, of course, but it would pay in the end.

She opened the door and faced a man whom she did not immediately recognize. Then he spoke and she remembered. He was the doctor who had given first aid to Eddie and accompanied him and Jenny to the hospital.

"Mrs. Townsend?" he asked.
George caught her breath and a dozen evasions went whirling through her brain. But she voiced none of them—yet. She stood aside and gestured him into the sitting-room. She felt quite cool, quite steady. Find out what he wants, whispered part of her brain, and then handle him boldly. So old Gratton Matching had taught her to handle men.

She took a long look at him while she gave him a chair and offered a cocktail. Vaguely, she did not like his face. When he smiled it was attractive but in response there was something mean about it, the eyes were too closely set, the lips too thin.

"You asked for Mrs. Townsend," she remarked pleasantly. "I hope it was Eddie himself who told you that there was such a person? Because that would mean that he's well enough to sit up and brag about having got married!"

The doctor, echoed, for laugh but she noticed and resented the way his glance took stock of her.

"No, to be quite honest, Townsend hasn't given any information. But, you see, it's all over town that he had just got married when he hit that bus—and that his newly wedded wife was sitting in the back! And tonight's Record gave some details—your name and so on."

George laughed. It was a quite spontaneous laugh, in a sense, because there really was something laughable in the way fate was striking the song of triumph from her lips. Then she realized that none could be sure which of the two girls in the car had been the bride. And so long as people weren't sure—

"I suppose someone from the City Hall gossiped," she said and was proud of the indifference in her voice.

"Probably. But what I really came about, Mrs. Townsend, was to have a chat about your husband. About his health. I'm afraid he's going to be a bit of an invalid for a while."

George lit a cigarette. She leaned rather heavily against the back of a chair—the deep leather chair that she had bought for Eddie. She watched her spiral of smoke as it curled up to the ceiling.

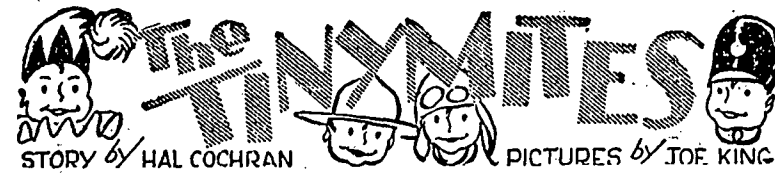

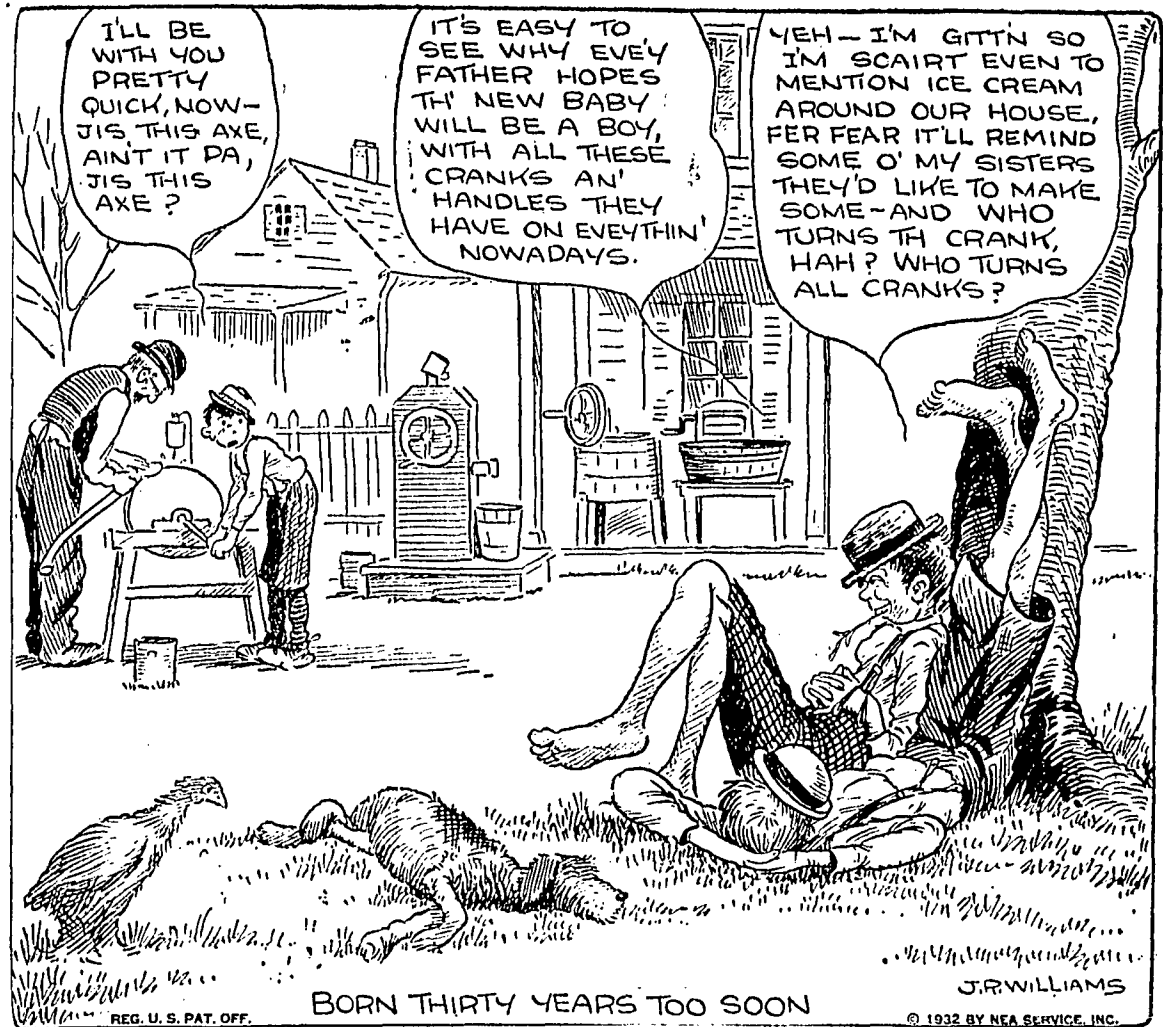

"Please go on," she requested. "What is the matter with poor old Eddie, beyond his cuts and bruises."

"A good deal. First of all, according to Dalling—the hospital doctor—Townsend's nerves are in a pretty bad way."

"How do you mean—nerves? I—never thought he had any!"

"That's a mistake commonly made about men of Townsend's temperament. They themselves will tell you that they've no nerves, when what they really mean is that they've no imagination. So long as they're all right, they think. They feel sure of themselves. Once they've crashed, their whole nervous system is affected."

OUT OUR WAY

(READ THE STORY, THEN COLOR THE PICTURE)

THE Tinymites were quite surprised and peevish when they realized that they had one more passenger than when they started out.

The skinny who had stowed away said, "Well, I guess I'm here to stay. We're far away from land and I know you won't toss me out."

"Well, wait a minute," Duncy cried. "Before we take you on our ride, just tell us one thing. Can you swim, and if you can, how far?"

"If you thought you could swim ashore, you'd soon be on your way once more, 'cause in this little stream you'd be, instead of where you are."

"Oh, no!" replied the skinny. "Please! I'd rather rest right here at ease. I might swim all the way to shore and, also, I might not."

"Your boat is big enough for me because it's roomy as it can be. I'll gladly help you with your sailing. I can do a lot."

"Ha, ha!" laughed Duncy. "You away in the next story."

"But Eddie never has crashed." "He crashed this morning. In that car."

George sat down on the arm of the leather chair. A very slippery chair; it required an effort not to sink right down into it.

As soon as he'd recovered consciousness and been patched up a bit, he said he must get back to his wife's apartment. The nurses couldn't keep him against his will, of course, so they got a taxi and put him in it. He—well, to get to the bare bones of it, Mrs. Townsend, his nerve has completely gone. Only temporarily, I don't doubt, but just for a bit he'll have to have a holiday from flying.

Chillicothe High Wins Many Class B Music Events

Mound City Also Carries Away Several Trophies at College Saturday. Solo Winners Announced

Lola Collins, Chillicothe, Wins in Piano; Maryville Boy Places Second in Violin Contest

Winning first in band, chorus, boys' quartet, and piano solo, and second in orchestra and girls' glee club, Chillicothe again left Maryville Saturday night with a majority of the trophies of the class B music events.

Mound City musicians, winners of many music contests in the past, again showed their ability, winning first in orchestra and boys' glee club, and second in band, chorus, boys' quartet, and trumpet solo.

Cameron high school sent strong boys' and girls' glee clubs to the contest, and captured first in girls' and second in boys' club contests.

Solo Contest Winners

Results of the solo contests, held Saturday morning and announced Saturday night, were Lola Collins, Chillicothe, first, and Curtis Besinger, Stanberry, second in piano solo. In violin, Paul Person of Maryville won second place the only musical award received by the local musicians with first going to Rebekah Paul, Tarkio. Aletha Wharton, Stanberry, won first in trumpet solo, and Louis Thomure, Mound City, second.

Mound City sent an orchestra much improved over last year's. A large organization, every section was well represented by capable players. The opening strains of the required selection, "Mirielles," by Gounod, are a series of alternating solos by the woodwind group and the horn section.

Mound City displayed an excellent oboe player, as well as well-developed members of these two sections. As the strings and the remainder of the brass section began to carry strains, their ability was plainly evident. Mound City played as their choice selection the popular "Post and Preasant Overture," by von Suppe, in which their ability was displayed to excellent advantage.

Chillicothe Orchestra Wins

Chillicothe's orchestra presented better instrumentation than did Mound City's, having both an oboe and bassoon, and playing without a piano. However both would be benefited by three or four more basses. Their choice selection, "March Slav," Tschittkowsky, opened with fine cello and viola solos. A clarinet duet was a feature.

Savannah, the other entrant in orchestra, presented an organization much improved within the past year. They played as their choice selection "Minuet in E," by Mozart.

Chillicothe's band was better balanced than was that of Mound City. They possessed two fine solo clarinetists, plus the large number of that instrument necessary to take the place from the brass, whereas Mound City had only five clarinets to balance a large and loud brass section. Chillicothe played the required number, "Youth Triumphant," by Hadley, and their own choice, "Santiramide Overture," by Rossini. The work of the tympany player, the solo clarinetists, and the brass was especially pleasing.

Mound City Band Is Good

Mound City played as their choice selection, "The Wanderer Overture," by King. The trombone and trumpets showed excellent ability, but overbalanced the rest of the group in volume. Ten or fifteen more woodwinds might not have been out of place.

William Gough, a former Maryville boy, again showed his ability in the chorus contest, when Chillicothe won first place under his direction. They sang "Calm Be Thy Sleep," by Cain, without a piano, yet with excellent intonation. A large, well-balanced group, they scored on diction, interpretation and tone quality.

Mound City, winner of second place, sang "The Lost Chord," by Sullivan, closely pushing Chillicothe for first place. Maryville was handicapped by the absence of five tenors, and in their "Jerenade," by Schubert, the male voices were decidedly weak. Cameron, the other entrant, sang "Speaks" "Morning."

Glee Club Winners

Mound City again scored a victory over Chillicothe Saturday night when the results of the boys' glee club contests, held during the afternoon, were announced, as first and second places went to those schools. Mound City sang "Song of the Jolly Roger," by Candlish, a rollicking song of pirates. They sang well together, had good tone quality, and scored on excellent diction. Chillicothe, the singing "The Peaceful Lake," by Schumann, exhibited excellent interpretation and intonation. They followed their director, Mr. Gough closely.

Maryville, under the direction of Farnley Thompson, gave a pleasing performance in singing "The Postillion," by Mulloy. In the "Shadow March," by Brotheroe, Cameron, with a smaller group, exhibited fine crescendo and diminuendo effects. The Gaiathin club was

Rainfall During April Was Well Above Average

Temperature, Despite Cold Mornings, Was Also Higher Than Average.

April just passed had more of than its share of showers, the records of J. R. Brink, local weather observer, show, as the precipitation last month was 4.36 inches as compared an average of 2.91 inches. Despite the cold mornings the temperature also was above average. Mr. Brink's records showing an average for the last month of 54.6 degrees as compared to 50.1 for the average April since 1894.

There was no snow last month, the records showed, as compared with an average of 1.37 inches. The largest snowfall on record was 12.2 inches in 1920 and the least was none during several Aprils.

Although the temperature for the month was higher than the average it lacked 5.4 degrees of the record month of April 1925. The lowest average temperature for any April was 42.2 degrees in 1907.

Last month the maximum average was 67.1 degrees. The average maximum for April is 61.9; the coldest average maximum was 63.3 degrees in 1920 and the warmest average maximum was 73 in 1915.

The average minimum temperature last month was 42.1 degrees, as compared to the average minimum of 34. The coldest average minimum of 31.8 in 1920 and the warmest average minimum of 47.9 degrees in 1915.

The highest temperature last month was 82 on the first. The highest on record was 96 on April 28, 1915. The lowest last month was 27 above on the 27th and the coldest on record was 0 on April 5, 1920.

The most precipitation was 8.08 inches in 1928, and the least was .72 of an inch in 1902. There were 9 clear days, eight cloudy and thirteen partly cloudy.

County Court to Hold Hearing

The county court will meet at 9 o'clock Tuesday morning for a hearing on the unorganized school district formerly known as Bristle Ridge, No. 118. Conception Junction district has asked the court to attach this unorganized territory to the Conception Junction district and several of the patrons in Bristle Ridge have petitioned to have their land attached to Maple Grove.

Mr. and Mrs. F. M. Townsend left yesterday for a trip in the south. They will visit in Pulaski and Nashville, Tenn., Lexington and Middletown, Ky., and on Saturday they will go to Louisville, Ky., to attend the Derby.

Play Washington Nine Bearcats Will Meet St. Louis Team in Two-Game Series.

The College baseball team will meet the strong Washington University nine in a two-game series here Wednesday and Thursday afternoons. The games will be the last at home this season for the Bearcats.

Coach Henry Iha said today that he would probably start Taylor or Wright on the mound Wednesday afternoon, with Joe O'Connor behind the bat. Otis Thorburn will probably get the call for the Bearcats whenever Jordan, the Washington pitching ace, takes the mound for the St. Louisans.

Washington has lost only one game this season, having defeated the University of Missouri, Concordia and several Illinois college teams. They split a double-header with the Oklahoma A & M nine, which is one of the best college baseball teams in the country.

The Bearcats have been showing steady improvement, and the games seem certain to be close. The tilt on Monday will start at 4 o'clock.

Senate Moves to Prevent Hung Jury in Attack Trial

Measure Means Hawaiians in Massie Case Cannot Be Freed by Default.

Prepare For a Retrial

Washington, May 2.—(P)—A bill to prevent "hung juries" from freeing the four men charged with attacking Mrs. Thalia Massie, wife of a naval officer, in Honolulu was passed today by the Senate.

The measure was approved without a dissenting voice a short while after Representative Crisp (D., Ga.) had introduced a measure in the house to pardon the four Americans convicted of manslaughter in the slaying of a Hawaiian.

Senate passage came only a few minutes after the territories committee had favorably reported the bill by its chairman, Bingham of Connecticut.

He explained to the Senate that at immediate enactment was necessary to avoid the possibility that the men accused of attacking Mrs. Massie might be freed by a "hung jury" in their second trial which is about to be held.

A jury disagreed in the first trial. Hawaiian law provides that two successive disagreements shall operate as an acquittal.

MRS. MASSIE WILL TESTIFY

Honolulu, May 2.—(P)—With a definite promise Mrs. Thalia Massie will testify against the remaining four men accused of brutally assaulting her. Prosecuting officials today were to lay final plans for retrial of the case.

Representatives of the attorney general and the public prosecutor were expected to determine a date for trial—probably within two weeks. They also were to decide whether Prosecutor John C. Kelley, who obtained a manslaughter conviction last Friday of Mrs. Massie's husband, mother and two sailors for lynching the young woman's fifth alleged attacker, will handle the territory's case.

The four accused of assaulting Mrs. Massie last September are Horace Ida, Japanese; Henry Chang, Chinese; David Takai, Japanese, and Ben Akakeko, Hawaiian. Their first trial last November ended with the jury deadlock.

Also a defendant at the trial was Joseph Kahahawai, Hawaiian, for whose slaying Lieut. Thomas H. Massie, Mrs. Massie's husband; Mrs. Granville Fortescue, her mother; and E. J. Lord and Albert O. Jones were convicted of manslaughter.

Whether Kelley would conduct the prosecution has been a subject of speculation. It is widely felt his vigorous prosecution of Lieut. Massie and his co-defendants would make it embarrassing for him to do so.

Mrs. Ella DeLaney Dies in Villisca; Rites Tuesday

Word was received here of the death of Mrs. Ella DeLaney at her home at Villisca, Ia., this morning. She was reared at Skidmore and moved away from there when a young woman.

She is survived by her husband, two daughters, one son, and several grandchildren of Villisca; her mother, Mrs. Louisa Manchester of Skidmore; two sisters, Mrs. James Newton and Mrs. Emogene Moorehead and one brother, Frank Manchester, all of Skidmore and Mrs. Elwood Barrett, a niece and James Newton, a nephew of Maryville.

Funeral services will be held at 2:30 o'clock tomorrow at Villisca. A number of the relatives from this county will attend.

House Approves Bill to Stabilize Value of Dollar

\$9,000,000,000 in Currency Would Be Put to Work to Bring Better Times.

Back to Level of 1929

Purchasing Power of Dollar Would Be Restored to Average It Had Between 1921 and 1929.

Washington, May 2.—(P)—The Gold-sborough bill to put at least \$9,000,000,000 in currency at work in an effort to bring back better times, was passed today by the House.

Democratic leaders sponsored the measure while Representative Snell, of New York, Republican opposed it on the ground it was "unwise" and that the treasury had not been called before the banking committee and was "strongly opposed to it."

The bill would charge the treasury and reserve system with the duty of establishing the purchasing power of the dollar at the average level it had between 1921 and 1929.

To Buy U. S. Securities

To do this the board could continue to purchase government securities at the rate of about \$100,000,000 a week as it is now doing to increase credit; change the rediscount rates and issue new currency.

The banking committee found the reserve banks could issue as much as \$9,000,000,000 in currency because of lower reserve requirements set by the Glass-Steagall bill.

The dollar on an average today buys \$1.00 worth of goods as compared with the 1921-29 average. The decrease in the purchasing power of the dollar would increase commodity prices and propensities of the measure say, speedily re-establish normal business activity.

URGES NAVY BE BUILT UP

Washington, May 2.—(P)—Legislation to build the navy up to treaty limits was urged in the Senate today.

Chairman Hale of the Senate naval committee cited figures to show this country is falling behind other nations in construction.

Higher tax rates on telephone and telegraph messages than are contained in the House revenue bill were voted by the Senate finance committee but it exempted those costing less than 50 cents.

Typhoon in Philippine Islands Kills 22 Persons

Manila, P. I., May 2.—(P)—At least 22 persons were killed by the typhoon which swept Sulu in the southern Philippine Islands last Friday, Governor Spiller of the province reported to Governor-General Theodore Roosevelt.

Many districts had not yet reported the damage.

A Red Cross unit was dispatched by steamer with medical aid and relief supplies.

Only three buildings escaped damage in the historic town of Jolo, principal city of Sulu island, advised said. One steamer was wrecked and another driven ashore.

It was the first serious typhoon in that section since 1904.

Capone Loses Final Chance to Escape 11-Year Sentence

Washington, May 2.—(P)—Al Capone today was denied a review by the supreme court of his conviction for evading income taxes.

The ruling meant that America's most notorious gangster had lost his last legal chance of escaping his 11-year sentence.

"Scarface Al" is now in jail in Chicago. Confined there since his sentence by Judge James H. Wilkerson, he will probably be sent to a federal prison in a few days.

As is customary, the court did not give its reasons for refusing to open the case. It previously had refused to interfere with sentences imposed on Ralph Capone, Al's brother, and other members of the Capone gang convicted for failure to pay income taxes.

Justice department officials said Capone probably will be on his way to federal prison "by Wednesday, or at the latest Thursday."

Purchasing Power of Dollar Would Be Restored to Average It Had Between 1921 and 1929.

Washington, May 2.—(P)—The Gold-sborough bill to put at least \$9,000,000,000 in currency at work in an effort to bring back better times, was passed today by the House.

Democratic leaders sponsored the measure while Representative Snell, of New York, Republican opposed it on the ground it was "unwise" and that the treasury had not been called before the banking committee and was "strongly opposed to it."

The bill would charge the treasury and reserve system with the duty of establishing the purchasing power of the dollar at the average level it had between 1921 and 1929.

To Buy U. S. Securities

To do this the board could continue to purchase government securities at the rate of about \$100,000,000 a week as it is now doing to increase credit; change the rediscount rates and issue new currency.

The banking committee found the reserve banks could issue as much as \$9,000,000,000 in currency because of lower reserve requirements set by the Glass-Steagall bill.

The dollar on an average today buys \$1.00 worth of goods as compared with the 1921-29 average. The decrease in the purchasing power of the dollar would increase commodity prices and propensities of the measure say, speedily re-establish normal business activity.

URGES NAVY BE BUILT UP

Washington, May 2.—(P)—Legislation to build the navy up to treaty limits was urged in the Senate today.

Chairman Hale of the Senate naval committee cited figures to show this country is falling behind other nations in construction.

Higher tax rates on telephone and telegraph messages than are contained in the House revenue bill were voted by the Senate finance committee but it exempted those costing less than 50 cents.

Typhoon in Philippine Islands Kills 22 Persons

Manila, P. I., May 2.—(P)—At least 22 persons were killed by the typhoon which swept Sulu in the southern Philippine Islands last Friday, Governor Spiller of the province reported to Governor-General Theodore Roosevelt.

Many districts had not yet reported the damage.

A Red Cross unit was dispatched by steamer with medical aid and relief supplies.

Only three buildings escaped damage in the historic town of Jolo, principal city of Sulu island, advised said. One steamer was wrecked and another driven ashore.

It was the first serious typhoon in that section since 1904.

Capone Loses Final Chance to Escape 11-Year Sentence

Washington, May 2.—(P)—Al Capone today was denied a review by the supreme court of his conviction for evading income taxes.

The ruling meant that America's most notorious gangster had lost his last legal chance of escaping his 11-year sentence.

"Scarface Al" is now in jail in Chicago. Confined there since his sentence by Judge James H. Wilkerson, he will probably be sent to a federal prison in a few days.

As is customary, the court did not give its reasons for refusing to open the case. It previously had refused to interfere with sentences imposed on Ralph Capone, Al's brother, and other members of the Capone gang convicted for failure to pay income taxes.

Justice department officials said Capone probably will be on his way to federal prison "by Wednesday, or at the latest Thursday."

'Hoppers Menace Again Country Must Act Quickly to Destroy Pest, Expert Says.

Washington, May 2.—(P)—Reasons for doing something quickly to keep grasshoppers from destroying crops in eight states were explained to the House agriculture committee today by W. H. Larimer, of the bureau of entomology.

Larimer was the first witness as the committee began hearings on a resolution approved by the Senate last week to authorize \$1,450,000 for grasshopper control in the northwest.

He said eggs laid by the grasshoppers after the devastation last year are beginning to hatch, and added:

"There are enough eggs in Minnesota, North Dakota, South Dakota, Nebraska, Iowa, Montana, Wyoming, and Colorado to be a serious menace and promise an outbreak as great or greater than last year. The danger is at hand."

He pointed out that after the eggs hatch the grasshoppers do not sprout wings for about two weeks and stay on the hatching grounds that length of time.

"If anything is done at all it must be done immediately after the hatching period," Larimer said.

The House committee today approved the Simmons resolution to authorize \$1,000,000 for grasshopper control in the northwestern states.

Many More Men Will Be Arrested For Theft of Oil

Gigantic Texas Conspiracy Involves Some High Officials.

Longview, Tex., May 2.—(P)—Col. L. S. Davidson, in charge of national guard troops aiding in the enforcement of prohibition in the East Texas oil field, said today between 25 and 40 more arrests would be made in connection with alleged wholesale thefts of petroleum. He inferred that prominent men would be involved.

District Judge W. C. Hurst charged the Gregg county grand jury to "spare neither time nor expense in running down every clue to bring the culprits to justice if you find that men of position and influence, whether they operate as independents or for large companies or corporations, have allowed greed and avarice to take from our oil field that which does not belong to them."

Several Arrested

Preliminary disclosures have resulted in the arrest of a dozen officials and others in connection with the alleged theft of one million barrels of oil from the gigantic prorate, East Texas oil field.

Nearly nine months ago overproduction of this new field was credited with unsettling the price structure of the entire industry, and Gov. Ross S. Sterling ordered national guardsmen to enforce a controlled output.

One of 18 men against whom charges of theft have been filed is E. M. Daniels, a deputy supervisor of the state railroad commission, which supervises proration. Another is Paxton Gray, a former deputy supervisor and a brother-in-law of Fred Upchurch, assistant attorney general. Six of the 18 have not yet been arrested.

Climaxes Close Inquiry

The arrest climaxed a 45-day investigation by civil and military authorities. The oil was said to have been taken by means of by-passes, pipe passed around a meter in such a way the entire flow of oil was not recorded.

The huge quantity was alleged to have been stolen from five Gladewater township wells in the last seven months. Investigators said the illegal flow from one of the producers was so large pressure of offset wells was reduced 15 pounds in 10 days. Military authorities said the stolen oil had been shipped to refineries in Waco, Dallas, Eagle Ford and Chalmette, La.

A Gregg county grand jury planned to begin an investigation of the thefts. Arrests also were expected to be made on oil theft or theft conspiracy indictments returned Saturday by the Rusk county grand jury against five other men.

County Levy Is to Remain Same as Last Year's

But Reduction of 2 Cents Is Made in Special Road Levy by Court.

State Levy Is Higher

Increase Will More Than Offset Cut in Road Levy—Judges Shift Various Separate Levies

The county court meeting today fixed the county levy for this year the same as last, 30 cents on the \$100 assessed valuation, but lowered the special road and bridge levy 2 cents, from 12 to 10 cents.

Despite the 2 cent reduction, the tax payers will have a 1 cent increase in the levy, as the state has raised the state levy from 12 to 15 cents. However, the revenues will be lower this year as reductions have been made in the assessed valuations by the equalization boards.

Levies Are Shifted

The court in making the same levy shifted some of the separate levies, lowering the bridge from 14 to 13 cents and increasing the jury levy from 1 to 2 cents. There will be a heavier demand on the jury fund this year because this is election year. Election expenses are paid out of the jury fund.

The court based its levy on an anticipated operating expense of \$150,000 for the year, setting this amount slightly higher than
